Permanent Mission of Sweden to the United Nations addressed
to the Chairman of the Committee**

**Report on Sweden's implementation of United Nations
Security Council resolution 1874 (2009)**

Sweden and the other member States of the European Union have jointly implemented the restrictive measures against the Democratic People's Republic of Korea (DPRK) imposed by Security Council resolutions 1718 (2006) and 1874 (2009) by taking the following common measures:¹

- Council Common Position 2006/795/CFSP of 20 November 2006,² as amended by Council Common Position 2009/573/CFSP of 27 July 2009.³

The Common Position sets out the EU's commitment to implementation of all the measures contained in Security Council resolutions 1718 (2006) and 1874 (2009), and provides the basis for EU-specific implementing measures within the scope of the resolutions, notably:

- complete arms embargo;
- export ban on certain other items, in addition to those determined by the sanctions Committee, which could contribute to DPRK's nuclear-related, ballistic missile-related or other weapons of mass destruction-related programmes;
- autonomous listing, to be decided by the Council of the EU, of persons and entities subject to visa ban and asset freeze, either by reason of their promotion or support of DPRK's programmes as mentioned above or because they provide financial services or other resources that could contribute to those programmes;
- enhanced monitoring over the activities of financial institutions within the jurisdiction of EU member States with certain banks and financial entities linked to the DPRK;
- additional information requirements for aircraft and vessels transporting cargo to and from the DPRK.

The EU will adopt a Council Decision implementing Common Position 2006/795/CFSP and establishing, for the purpose of the visa ban and the asset freeze, the list of persons and entities in accordance with determinations made by the sanctions Committee on 24 April and 16 July 2009.

- Council Regulation (EC) No. 329/2007 of 27 March 2007,⁴ as amended by Commission Regulation (EC) No. 117/2008 of 28 January 2008⁵ and Commission Regulation (EC) No. 389/2009 of 12 May 2009.⁶

The Council Regulation implements in the European Community the ban on the exports of goods and technology which could contribute to DPRK's nuclear-related, ballistic missile-related or other weapons of mass destruction-related programmes and on the provision of related services, the ban on procurement of goods and technology from the DPRK, and the ban on export of luxury goods to the DPRK, as well as the freezing of funds and economic resources of persons, entities and bodies engaged in or providing support for the said DPRK programmes as designated by the sanctions Committee and the prohibition of making funds or economic resources available to such persons or entities, with certain exemptions as provided for in United Nations Security Council resolution 1718 (2006).

Commission Regulation No. 117/2008 amends the Council Regulation by including the list of goods and technology subject to the export and import ban (other than luxury goods) as set out in Annex I of the Council Regulation in accordance with determinations made by the sanctions Committee

Commission Regulation No. 389/2009 amends the Council Regulation by including the entities designated by the sanctions Committee on 24 April 2009 in the list of persons, entities and bodies subject to the asset freeze as set out in Annex IV to the Council Regulation.

The Commission will adopt a Commission Regulation amending the Council Regulation by including goods in Annex I and persons and entities in Annex IV to the Council Regulation in accordance with determinations made by the sanctions Committee on 16 July 2009.

- Council Regulation (EC) No. 539/2001 of 15 March 2001 (and its subsequent amendments).⁷

This Regulation requires nationals of the DPRK to be in possession of a visa when entering the European Union.

Sweden has the following national legislation requiring an export authorization for the sale, supply, transfer or export of arms and related materiel to third countries and an authorization for the provision of brokering services and other services related to military activities, which together with Common Position 2006/795/CFSP, provides the basis for enforcement of the arms embargo against the DPRK and the ban on related brokering services: the Military Equipment Act (1992:1300), the Military Equipment Ordinance (1992:1303), the Law on control over products with dual use and over technical assistance (2000:1064) and the Ordinance on control of products with dual use and of technical assistance (2000:1217).

The above-mentioned Council Regulations are binding in their entirety and directly applicable in all member States of the European Union.⁸ Regulation (EC) No. 329/2007 requires member States to determine the penalties applicable to infringements of their provisions. The penalties determined by Sweden are provided for in relevant national legislation.
